Event:	LD1617029 - Effective Research Funding Searches (FOR STAFF)
Subject:	
Event Overview:	Customise your own search for research funding with Research Professional. This practical workshop is designed to give participants an overview of Research Professional an online database of funding opportunities. We will demonstrate how you can search for research funding in your own niche area, and set up your own dedicated searches and email alerts.
Event Objectives:	<ul style="list-style-type: none">* Overview of Research Professional* Demonstration of searches for research funding* Set up and save your own unique research funding search and email alert
Event Content:	<ul style="list-style-type: none">* Short demonstration of Research Professional (10-15 mins)* Interactive practical workshop where all participants set up their own searches, with advice and assistance provided
