

## Event Details

Event:	PDCD161762 - English for Academic Purposes - Presentations
Subject:	
Event Overview:	<p>Purpose</p> <p>To help staff members (post-doc) who speak English as a second language develop accuracy in preparing and delivering academic presentations. Participants will focus on the appropriate and effective use of language in academic presentations. We will look at preparing and using accurate scripts and visuals, enabling students to successfully communicate information to their intended audience. The workshop includes the opportunity for presentation practice and feedback.</p>
Event Objectives:	<p>Planning, structuring and rehearsing your presentation</p> <p>Using accurate and appropriate language preparing your script and visuals</p> <p>The language of presentations (greeting, introducing, signposting, concluding, handling questions, etc.)</p> <p>Designing and using visual aids, referring to research data</p> <p>Targeting your presentation to suit the needs of your audience</p> <p>Using voice in presentation in terms of clarity, intonation and pronunciation</p>
Event Content:	
Notes:	<p>Preparation</p> <p>Participants in the workshop should bring slides and script of an academic presentation they have made, or intend to make in the future, for use in workshop activities.</p>
