

Governance, Politics and Development will examine how governmental, inter-governmental, and non-governmental actors provide governance and structure to development efforts. The course will examine the governance and politics of development at the international, national and sub-national levels. The course will focus on the relationship between the interests of the actors, the nature of the institutions, the quality of governance and the effectiveness of development outcomes.

Curricular information is subject to change

What will I learn?

Learning Outcomes:

At the completion of the module students will have in-depth knowledge of:

- International and multi-stakeholder structures in development governance;
- The role of stakeholders(States, IGOs, Civil Society NGOs, and MNCs) in governing development;
- The role of the rule of law, culture, gender, conflicting interests, and corruption in development;
- The role of multi-level governance and decentralization in development;
- The role of democracy in development;
- The role of conditionality, social capital, ownership, alignment and harmonization in development.
